# REESBY RECRUITMENT

IOT DIVISION

## ABOUT US

Reesby's IoT Division offers some of the rarest skill sets in Australia. Our recruitment business operates nationwide and has been involved in emerging technology since we were established. We run Australias largest IoT Meetup and attend and present at almost all technology events in Australia. This specialist arm can provide you with talent in emerging technology.

## SERVICES & OFFERINGS

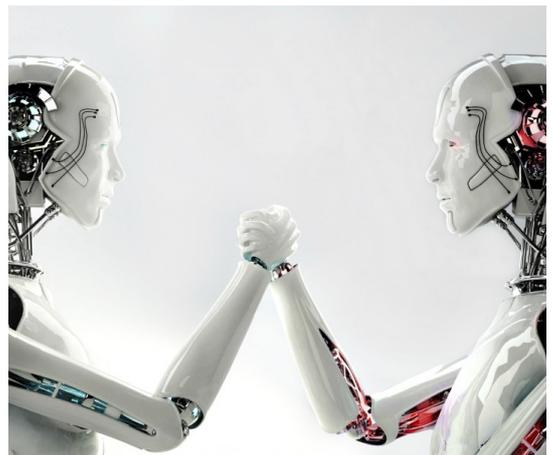

Our rare talent pool and expertise can help grow your team to accomodate for future technology advances. Automate your business and provide human safety and monitoring with our experts. IoT /M2M is the future and enable your business to continue to compete in future markets. Our candidates come with a 3 Month Free Replacement Guarantee and a police check for peace of mind with no cost unless our candidates are offered a role.
